THE LIGHT COLLECTION

FUTURE DEVELOPMENT

... AND THERE'S LIVING

Priceless calm and serenity, on an island bustling with growth and activity.

Little things that make a big difference: ample, flowing living spaces inspired by the tranquility of the sea; a harmonious balance of lively energy and total relaxation; the endless possibilities living so close to the sea yet near the city.

LOCATION MAP

THE LIGHT Waterfront Penang is strategically located on the eastern coast of Penang island, a short ride from Penang International Airport; and also easily accessible via road, bridge and water links. Travel by road from Peninsula Malaysia is fast along the North South Highway and easy around Penang island.

Located a short distance from Penang Bridge, THE LIGHT will be connected directly to it. A second Penang Bridge is currently being built, adding to its advantageous location. It will increase accessibility and ensure even more visitors to liven up THE LIGHT.

AN OASIS OF LUXURY
IN THE PEARL OF THE ORIENT

THERE'S TRUE JOY,
AND CONTENTMENT, IN THE QUIET WELCOME
AND THE BREATHTAKING VIEWS.

LIFE
AS YOU CHOOSE IT

Take in the ambience, your surrounds.

Fill your days with activity or respite. Spend time with loved ones, or with retail therapy. It's your choice at Waterside Residence. You can stay in motion from sunrise to sunset, or if you prefer, sit and take in the activities along the seafront, watch boats come into the marina, picnic by the pool or read a book in a hammock on your balcony.

Let the tranquility of sea free you from the weight of things.

Beautiful nature, embedded in structure, wave a cool welcome.

Genius and grace define each of Waterside Residence 256 condo units. The development consists of 3 towers, descending from 33 floors to 17, like a wave coming to shore. The seashell shape of each block, clever positioning of balconies and colour play in the façade bring this iconic point home.

The common theme of relaxed, understated luxury extends to the amenities and conveniences that come with your home, the latest being home automation via your smart phone.

Your smart home with an Internet of Things (IoT) ready will transform home efficiency and management. The audio/video intercom system, alarm system, panic button and lobby door release are right at your fingertips.
